

Scholarship Application Prelist

Please use this document to prepare for your NTI Scholarship application. This is an overview of questions to expect. The official application must be completed within NTI's submission platform Submittable, and it will be sent to you during the second part of the application process, after your initial application has been reviewed.

NTI offers need-based Scholarships. Notification of award will be provided upon acceptance.

Student Status: Dependent/Independent

Student ID Number: _____

Household Annual Gross Income	
Student Income	
Student Assets	
Age of Oldest Parent	
Number in Family	
Number in College	
Parent Income	
Parent Assets	

*Applicants **currently enrolled as an undergraduate** in a college or university, please indicate below any institutional financial aid and/or funds from an outside lender that you expect to apply to your studies with NTI. Fill out all that apply:*

Subsidized Stafford Loan	
Unsubsidized Stafford Loan	
Federal Perkins Loan	
Pell Grant	

Supplemental Educational Opportunity Grant	
Plus Loan/Parent Plus Loan	
Other Loans/Grants/Scholarships	

Applicants must provide an essay that responds to the following prompt: We understand that numbers aren't the whole picture. Please write a detailed letter addressed to the Admissions office outlining the specifics of your financial need. This portion of your Financial Aid application will vitally impact our decision to award aid, and amount awarded. There is no word limit for this essay.

We encourage you to be as specific as possible (including dollar amounts where applicable) in illustrating the following areas:

- Financial situation
- Available resources
- Plans to fund a semester with NTI in addition to scholarship

Additional Required Documents

- 1) The individuals responsible for tuition payment must submit a copy of their **most recent 1040 form**
- 2) A copy of your **loan repayment letter** (i.e. Direct Loans or Sallie Mae), if applicable
- 3) **Financial aid award letter** from your home institution for the upcoming and/or current academic year, if applicable

Please Note: Students and parents/guardians hold all responsibility for applying for and securing funds from home institution (i.e. aid, loans, scholarships, etc); tuition payment funds (i.e. 529, etc), and private loans.

If you have not already done so, speak with your home institution's financial aid office and/or Study Away/OCS office about your financial aid and the process of disbursing funds to NTI.

All funds must be disbursed directly to the Eugene O'Neill Theater Center and cannot be processed by or through Connecticut College.

As a non-degree granting institution, NTI is not able to directly receive Title IV funds or meet the criteria for many private educational loans. Most of the time these funds are able to be disbursed by a home institution.

Every school has policies regarding study-away/study abroad programs and how such programs affect the student's financial aid and tuition payments. To be accurately considered for a scholarship, it is important to clearly indicate how you will be financing the program.
